I hope this information is helpful, but if you are unhappy with our response, or the way in which your request has been handled, you may request an independent internal review. This would be undertaken by an appropriate senior member of staff at the Trust, who were not involved in dealing with your original request. We aim to deal with internal reviews within 20 working days following receipt. If you wish to request one, please set out your grounds for asking for the review in writing and send it by post or email:

By post: Please address your letter to "Freedom of Information – Information Access Appeal" and send it to our address as shown on this letter.

By Email: Emails should be clearly marked 'Information access appeal' and sent to: sash.foi@nhs.net.

Should you remain dissatisfied following an internal review, you would have the right to appeal to the Information Commissioner's Office (ICO). However, I should point out that

under section 50 of the Freedom of Information Act, you are obliged to exhaust the Trust's own internal review process before appealing to the ICO. The ICO's contact details are:
