Dear Dr Hancock-Child

Request under the Freedom of Information Act 2000

I refer to your email of **8 March 2020** in which you requested information under the Freedom of Information Act from Sussex Partnership NHS Foundation Trust.

Your request

You made the following request:

Question 1:

- a) Please list for me all the research projects which were being carried out by your organisation, during the period January 2008 - September 2008 inclusive. Projects both big and small. To save time, it's fine to give a brief summary of what the research was, or you may just give the actual name of the project, if there was one.
- b) Please mention every single research project which was 'live' between Jan - Sept 2008, including those which may have begun earlier than Jan 2008 and then carried over into 2008.
- c) Please also state where these research projects were based, e.g. give the name/s of the individual hospital/s, or the location/s if not at a hospital itself.
