Dear Mr Hogan

**FREEDOM OF INFORMATION REQUEST REFERENCE NO: 165-13-237**

I write in connection with your request for information received on 26 March. I apologise for the delay in sending your response letter.

**Question:**

*Can you please supply a list of Designated Public Places or Controlled Drinking Zones where your officers can enforce alcohol related restrictions*

**Answer:**

The Information that you have requested is partially held by Surrey Police.

Your question was directed to the alcohol enforcement team. I have been informed that there are no designated alcohol free zones in Surrey; however there are Designated Public Place Orders which have been implemented by the local borough councils in conjunction with the police. The information is shared between the police and the relevant local borough councils. Some of the information is in the public domain already but for ease I have provided you with the information retrieved from the licensing officers that we have in Surrey Police. Please see the information on the separate pages entitled: **Designated Public Place Orders in Surrey**.

Surrey Police provides you the right to request a re-examination of your case under its review procedure. How to do this is set out in the attached Appeals Notice. Having followed the full procedure, if you are still dissatisfied, then you have the right to direct your comments to the Information Commissioner who will give your case consideration.

I would like to take this opportunity to thank you for your interest in Surrey Police. Should you have any further enquiries concerning this matter, please write or contact us on 01483 - 630007 quoting the reference number above.

Yours sincerely

**Fiona Burn**
