Blocked gullies both sides of the Loose Road between The Wheatsheaf and Armstrong Road. These have been repeatedly reported by me as Borough Councillor and Brian Clark the County Councillor for the area, but we repeatedly receive complaints from residents. When will this work be carried out???					
158962	09/06/2015	Drainage and Flooding	Manhole/Drain Cover Problem	Enquiry resolved	41020651
O/s No 95 Loose Rd. Storm drain at road edge. Reported on 24 Mar 15. Traffic changing lanes to avoid damage. HGVs outbound M'stone, hit subsurface cover at speed causing significant area vibrations. Problem worsening particularly with 38 tonne vehs. Similar problem at Beech Hurst Close recently fixed. Why not this one? Grateful to discuss with Highway personnel.					
165473	29/07/2015	Drainage and Flooding	Blocked Drain/Gully	Enquiry resolved	11249993

The manhole/drain cover directly outside on Road next to disabled bay is making a very load "clonking" sound as each vehicles drives over it. Obviously this is extremely tedious, especially at night. Would it be possible for this to be checked and rectified as soon as possible as it is actually disturbing our sleep now! Many thanks (plotted o/s 504)
