Dear Sir

REQUEST FOR INFORMATION

Further to our acknowledgement to your email requesting information under the provisions of the Freedom of Information Act 2000 we are providing you with our response.

REQUEST

Re: Information not held Dear Chiltern District Council, You have stated that the Legal officer's advice has been destroyed in accordance with corporate document retention policies after six years. I wonder if the policy referred to also includes the destruction of other council papers such as cabinet documents etc.? I have found the document referred to in my request which indicates that there was a risk assessment carried out. Presumably the legal officer had some involvement in that. The document has obviously not been destroyed so wonder if another more thorough check might reveal something relevant to my request.

RESPONSE

Please refer to the following link for details of Cabinet Agendas reports, minutes that is already published as well as all other public committee documentation.

We hope this answers your questions, but if not, you can contact us (details below) with your query quoting the FOI number at the top of this page. You can also seek an internal review of your request if you remain unhappy with the outcome. Ultimately you can complain to the Information Commissioner, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF should you remain dissatisfied, having exhausted the

authority's internal review procedures. If you would like more information about the role and work of the Information Commissioner go to the website www.ico.gov.uk

Yours faithfully
