31st August 2016

Dear Sirs,

Re: Your Freedom of Information Appeal 51340

My apologies for the delay in responding to your Freedom of Information Appeal. Such Appeals are normally conducted by the Chief Operating Officer but as I commenced the review of your request whilst she was annual leave, I have retained the responsibility for reviewing and responding to your request.

You asked us to review our responses to question 1-4

You asked us

Can I kindly request the following information-

- 1. A copy of your MAPA training manual**
- 2. A copy of the course materials used**
- 3. A copy of lesson plans that underpin each module of training**
- 4. Evidence that clearly demonstrates that service users have been involved in the development and delivery of the programme**

I have reviewed our response in which we advised you that we were unable to disclose this under section 43 (2) of the FOIA as this information is subject to commercial sensitivity. The Trust has also as part of the review, made further contact with CPI, which is a private provider and separate organisation from the Trust. They have also agreed that this documentation which they create and update cannot be released under FOIA. The Trust has no control over this documentation.

In relation to evidence that service users were involved in development and delivery of the programme, we have already responded to this in our reply to your question 5 of your request FOI 51350.

We are a research active trust, to get involved in a research project, please email cpn-tr.CFTresearch@nhs.net
For information on mental health medication visit choiceandmedication.org/Cornwall
