Dear Emma-Jane

### **Freedom of Information Act 2000 – Request for Information**

We are pleased to respond to your request for information and our response is set out below.

#### **Request**

We would like to be sent a file containing the contact information the Medicines Optimisation Team have for the GP Practices in your CCG. Please supply email contact details, and / or fax numbers, for each practice. Ideally the file you send should include data, for each practice, for one or more of the following headings: GP Practice Code, GP Practice Name, GP Practice Address, Telephone Number, E-mail Address and Fax Number.

These contact details are used for work purposes, and so should not be considered exempt under Section 40 of the Freedom of Information Act 2000. This information is not always listed on NHS Choices (particularly e-mail address & fax), so is not readily available in the public domain.

#### **Response**

Please see attached the list held by the Medicines Optimisation Team for the GP Practices. Please note emails are not listed as they are sent via the global list and fax machines are not used for communication by the team.

GP practices are responsible to handle and respond to their own information and handle FOI requests under the freedom of information Act 2000. Further information and their contact details can be found on each of the GP Practices websites.
