1. What (do you want in detail)? Gym access for LEN RHQ, LEN P SP and HAP P SP.								
 Why (do you need it)? LEN HQ, LEN P and HAP P are currently using a gym facility that was previously used by ROTO 1. This was paid for on a Mtly basis via the unit's EPC which runs out on the 31 Aug 22. With the unit(s) being accommodated in hotels without any gym facilities and SP required to be employed in the local area on mission critical operations for Op Having access to the gym facility is essential in maintaining physical fitness and most importantly, morale. Who (is going to use it)? the facility will be used by all SP assigned to LEN HQ, LEN P and HAP P. 								
4. Where (do you want to use it) is the facility that is currently in use and meets SP requirements, i.e., it is close to the accommodations, VfM, contact is already established, and it is safe to reach.								
 When (do you want it – delivery date, to & from dates)? The current contact runs out on the 31 Aug so having a rolling contract starting from the 1 Sep would be ideal. 								
6. Impact (in mission capability terms - if the request for financial resource is not approved.)? The gym is extensively used by our SP to maintain physical fitness and it is also a good way to socialise with other British forces located in the vicinity. Additionally, it also provides a means for soldiers to let off steam and also interact with locals and most importantly, maintains morale and social cohesion. Not having the facility will damage all of the above, especially when there are no alternative facilities in theatre.								
7. Will this be a long term & recurring requirement? check box Y ☒ (for how long?) N ☒								
8. QM Defence Support availability check (check box) if the demand is available through UK or HN sources at no extra cost to Defence then reject the demand now and direct the requester to the correct source of supply.
