

Neurology speciality Post and Trainees only:

i) the number of neurology NTN's commissioned, (posts in neurology ST3+)

	Training Posts
April 2016	213
October 2015	221
April 2015	222

The posts provided above are those at ST3 +, this does not include any trainee that may be specialising in another area with a rotation in Neurology. Please note that this may not equate to actual reductions or increases in training provision during this period but reflects how the data is collected.

ii) the number of neurology NTN's that were not filled through national recruitment or inter-deanery transfer (or by other means),

	2015		2014		2013	
	Posts Advertised	Posts Filled	Posts Advertised	Posts Filled	Posts Advertised	Posts Filled
East of England	0	0	3	3	2	2
East Midlands	5	5	2	2	2	2
Kent, Surrey & Sussex	2	2	4	4	6	6
London	10	10	10	10	6	6
North East	2	2	2	2	2	2
North West	3	3	8	8	1	1
South West	6	5	5	4	4	4
Thames Valley	2	2	0	0	0	0
Wessex	2	2	1	1	3	3
West Midlands	2	2	3	3	3	3
Yorks & Humber	7	6	5	3	6	6

iii) the number of trainees holding a neurology NTN who were out of programme for research, training, career break or experience, or on maternity leave,

	Out of programme	Maternity	Long term sick	Suspended
April 2016	74	16	0	0
October 2015	74	13	0	0
April 2015	72	11	0	0

The figures above are a snapshot in time and are only accurate at the time of the stock take. The variation in figures for these posts is in line with expected fluctuations.

iv) the number of trainees holding a neurology NTN who were "in programme" i.e. normally engaged in full time or less than full time clinical work (i.e. NOT those out of programme for research, training, career break or experience, or on maternity leave).

	Full time	Less than full time	TOTAL
April 2016	164	25	189
October 2015	165	26	191
April 2015	149	33	182
