27th June 2018

Dear resident,

I refer to our letter dated 25th June 2018 regarding the Noel Park Decent Homes & POD Replacement Programme.

We are writing to inform you separately of our intention to commence internal and external works to tenanted houses with single pods on **Farrant Avenue, Morley Avenue & Moselle Avenue**. The works to your property may include replacement roofing, windows, doors, kitchens repairs & redecorations, electrical rewiring, boilers and heating.

Please note that we will not be replacing the pods at this time.

In order to develop the programme of works, detailed condition surveys will need to be undertaken by our lead consultants from **The Keegans Group** and our Contractor **Wates**.

They will contact you in the coming days to arrange appointments for these surveys.

Please do not hesitate to contact me on 020 8489 3391 or email me at: kofi.ayeh@homesforharingey.org, if you have any queries or require further information regarding this programme.

Yours sincerely

Kofi Ayeh
Project Manager
