Dear Mr Scott

### **Freedom of Information Request**

I refer to your Freedom of Information Request received on 30<sup>th</sup> August 2016

Your request asked for the following information:

#### **Your Request**

I'm currently in the process of compiling local authority information of addresses where non-traditional methods have been used.

Several mass building projects for local authority houses were constructed using prefabricated or in-situ techniques such as concrete or steel and often had trade names such as Reema, Wates, Cornish etc. These are both pre and post war. Some of these types were subject to further investigation under the Housing Act 1985.

If you have any information of such dwellings in your local authority it would be of great use. Some local authorities have provided lists showing the road, number and type to assist with identification.

#### **Council's Response**

We can confirm the following information with regards your request above.

#### **Please see attachment**

#### **Copyright Procedure**

The information supplied to you continues to be protected by the Copyright, Designs and Patents Act 1988. You are free to use this information for your own purposes, including any non-commercial research you are doing and news reporting. Any other re-use of this information, for example commercial publication requires the permission of the Council as the Copyright holder.
