

FOI: 41763777 Notification letters Re: PA/21/01022 - PA/22/00428

Please can you advise the addresses to which notification letters were sent when the first planning application was made in 2021, followed by the addresses to which notification letters were sent for the subsequent planning application which was approved.

The Tower Hamlets 'Statement of Community Involvement' advises that occupiers of land or properties nearby are to receive notification letters for non major development.

The addresses notified of each planning application are set out in the attached files.
