Notes

Based on Decision Despatched Date between the above dates.

Case Types as requested as per the PRAU Matrix and can be found on the Case Types Table above.

Only Cases which have an Outcome of 'Granted' are listed, this is based on initial decisions only. Reconsiderations and reviews are not included in the data.

Broken down by the Calendar Year Despatched.

Data can only be provided up until 30 June 2018 as in line with published stats.

Total received figures rounded to the nearest 5 (- = 0, * = 1 or 2) and may not sum to the totals shown because of independent rounding.

Intake volumes are based on cases input to CID up to the point of extraction and may change if run in the future.

The number of cases which have been granted or refused will be subject to change.

Although this requests the number of cards issued, this request shows the number of cases Granted as we are unable to report on Cards Issued.

1 These statistics have been taken from a live operational database. As such, numbers may change as information on that system is updated.
