

FOI: 393665 Number of fox culls in Tower Hamlets Borough

I would like to ask whether any fox culls (where urban foxes were shot or trapped) have been performed in recent years (after 2010) in Tower Hamlets Borough, how many such culls occurred and how many foxes were culled?

The Council has not carried out any culls and we do not hold information on organisations that may do so on private land.
