

We wish to object to the sale of this land for the following reasons:-

1. We do not need yet another supermarket
2. It will put the final nail in the Village
3. Jobs will be lost not gained
4. The pollution, which is now very high, will increase
5. The traffic on the roundabout and bypass, which is already intolerable will increase massively
6. Ambulances will be held up
7. It is a Public right of way
8. Children from three schools walk to their school in this area, they will be at more risk ;of traffic accidents but more so fr;om pollution
9. The infrastructure will not take it
10. You say you are committed to 'climate change' but are cutting do;wn healthy trees
