

I send this objection to the sale of land - currently green space - on Arrowe Park Road - for a supermarket car park.

Objection is on the following grounds :-

- \* What remaining green space we have on Wirral needs saving - in view of the Climate Emergency that Wirral Borough Council are signed up to.

- \* Wirral is already over-subscribed regarding supermarkets/big retail outlets.

- \* The site , right on the extremely busy road junction leading to our Arrowe Park Hospital - and just opposite the big retail park with Sainsburys/Argos/etc. - is already hugely busy.

What I also cannot understand is the pitiful low price the land is up for sale for.

Once again all is for the developers' benefit.

The land is most suited for tree-planting, surely.
