

Dear Sir

Please register my objection to the above proposal- PAR/LHRAM/33687 land to be earmarked for a car park for a supermarket which is not needed there OR anywhere else on the Wirral, there are enough s'mkts here to cater for everyones needs this development is just adding to more air pollution ,traffic congestion, and although not on Green Belt land destroying open spaces.The councillor who wrote to me earlier this year on this subject obviously didn't read my e-mail correctly I never said it was on green belt but public land.

Regards
