Dear Mr West

Freedom of Information Act 2000

I write further to your request for information, which we received on 21 September 2017. Our response is given below.

I am undertaking a small project to the use of the government funded (via OLEV) rapid charge points for the new eclectic vehicles coming onto our roads. If your authority did not take advantage of any of any of these schemes? I thank you for your time and would just ask you to confirm so I can close your record.

If you authority did take advantage, I would like to ask you for the following.

- 1. In total how many rapid charge points did you succeed in being awarded?*
- 2. Who were the manufacturers and the number supplied by each?*
 - a) ABB*
 - b) Cir Control as supplied by APT-E Volt and British Gas*
 - c) DBT as supplied by Charge Master, Elektromotive and others*
 - d) Efacec as supplied by Siemens*
 - e) any other (please specify)*
- 3. We understand an option of the funding authorities were able to 'gift' or assign these charge points to 3rd parties. Did your authority take advantage of this feature? If yes please advise to whom, the location, number of units and the manufacture of the rapid charge points.*

I can confirm that no applications for government funded charges were made or received.

I hope this information is of interest and assistance. If however you are dissatisfied with the response you have received and wish to request a review of our decision or make a complaint about how your request has been handled you should write to the following address or reply to the email to which this letter is attached:

Corporate Information Governance Manager
