Dear Ms Velez

**RE: FREEDOM OF INFORMATION**

*Please note that the information provided is the property of Wirral University Teaching Hospital NHS Foundation Trust. Personal Information is held on the basis of the exercise of functions identified in the formal notification to the Information Commissioner. Any processing of that personal information outside of those functions may be unlawful. Furthermore, Article 18 of the General Data Protection Regulations 2016 makes provision for a data subject to exercise a right to prevent processing in particular circumstances and Article 21 states that an individual can request that their personal data is not processed for the purposes of direct marketing. This includes the sale of that data to third parties for such purposes. In this case the individuals named in the response have stated that they do not wish their personal data to be used for any purposes other than that for which it was supplied to us and this does not include direct marketing purposes. This includes all the contact information provided. If you have any questions about this process please contact the Information Governance & Records Manager/Data Protection Officer at Wirral University Teaching Hospital NHS Foundation Trust.*

Please find below our response to your request for information in accordance with the Freedom of Information Act.

**Q1. Please provide me with an up to date Organisational Structure chart showing Team Managers and Service Managers and their email addresses for General Nursing, Primary Care, Mental Health, Learning Disabilities and Psychological Therapies across your Trust.**

Please be advised that in accordance with current guidance from the Information Commissioners Office it is Trust policy to only release names of staff to a certain level.

Please note any other names you may have requested, other than those provided, are below the designated level, as the Trust believes that it is reasonable to expect that we would disclose more information relating to senior employees than more junior ones.

Consultants and senior employees, have a greater level of accountability since they are responsible for major decisions and expenditure of public funds. In most cases a lot of this information is already on our website and so it would be inappropriate if we refused to disclose this information when requested through FOI.

However, it is not Trust policy to disclose the names of less senior members of staff, most of whom do not work in front facing roles, for the following reasons:-

The Trust has obligations to protect the personal information of individuals under the Data Protection Act. Therefore, there is an exemption on disclosure of information which we feel is the personal information of identifiable individuals.

The Trust believes that any detailed information of junior members of staff would be personal data as defined by Section 1(1) of the General Data Protection Regulations as it relates to an identifiable individual. Therefore, the information requested is personal data as described in section 40(2) of the Freedom of Information Act.

Section 40 is an absolute exemption and therefore, is not subject to the public interest test. Information has been withheld under this section because it identifies individuals who have an expectation of privacy and would not expect their name to be placed in the public domain just because they work for a public organisation

If you wish to take this matter further you have a right to ask for a review of our decision. In the first instance this should be addressed to The Head of Information Governance & Records Management, Information Governance Department, Ground Floor, Arrowe Park Hospital, Arrowe Park Road, Upton, Wirral, CH49 5PE.

If you ask for a review and are dissatisfied with the outcome, under Section 70 of the Freedom of Information Act you then have a right of appeal to the Information Commissioner. The Information Commissioner's address is:  
Information Commissioner's Office  
Water Lane  
Wilmslow-  
Cheshire-  
SK9 5AF

Further details about the Act and the role of the Information Commissioner can be found at <https://ico.org.uk/>

Yours sincerely

LSnow
