Dear James,

I write further to my last letter dated 5 August 2021. I am now in a position to provide you with the outstanding information as below. Your initial request is included in Appendix A for your reference.

	2019	2020
Overnight on-call	2385	3674
Elective reporting CT	2394	437
Elective reporting MR	4725	715
Plain film reporting	1769	5

The Trust does not record the volume per hospital site and is therefore unable to provide you with this information.

Thank you for your patience in this matter and, once again, I apologise for the delay in responding to you.

I trust the outcome of this Internal Review is satisfactory, however, should you remain dissatisfied you have the right to complain to the Information Commissioner's Office (ICO). For further information about how to raise a complaint with the ICO please visit <https://ico.org.uk/make-a-complaint/>.

Yours sincerely

Jessica Hodge
Data Protection Officer

Appendix A

Dear Hampshire Hospitals NHS Foundation Trust,

I would be most grateful if you would provide me, under the Freedom of Information Act, details in respect to the following.

The details we require are:

- Does the Trust make use of outsourced tele-radiology reporting services for either overnight on-call (emergency) or routine radiology reporting (or both)?
- If you do make use of tele-radiology reporting, please provide the names of the providers of each service (on-call and elective separately please)?
- If you do make use of tele-radiology reporting services, please provide the annual volumes for both 2019 and for 2020 sent to each provider, broken into the following:
 - o Overnight on-call
 - o Elective Reporting (MRI, CT)
 - o Plain Film Reporting
 - o Split into each hospital within the Trust
- Start date, duration and end date of any contracts with tele-radiology providers?
- Was the contract procured via a framework (direct award, which framework?), mini-tender, or ITT procurement process?
- Who is the senior officer (outside of procurement) responsible for this contract?
