Dear Ms Williams

Your Freedom of Information Request:

Further to your comment of 3rd September 2011, where you requested an answer to your question on the number of foster parents and supported lodging providers. Can I draw your attention to our response reference ECC-012905-11, posted onto the What Do They Know website on 29th July 2011, which sets out our response to this question as below:

B/ How many Foster Parent and Support Lodging Provider households were involved?

We currently have a total of 657 foster carers, and 89 supported lodgings providers.

We hope this has answered your question.

Yours sincerely
