

Southwark Council - Information request

Our reference: 5886523

Dear Mr Hatts

Thank you for your request for information received on 1 August 2022.

This request concerns the ban on motor vehicles introduced in The Cut SE1 (on the Southwark/Lambeth border) in October 2020, enforced by camera.

I understand that since my earlier request on this subject, an agreement on enforcement has been made between the two boroughs.

For each week since enforcement began, please list:

i) the number of motor vehicles recorded as travelling along the restricted section of the street

ii) the number of penalty charge notices issued

iii) the value of those notices

For each of the last three complete months, please list:

i) the total value of penalty charge notices issued

ii) the total amount received to date in respect of those notices

Enforcement has not begun at The Cut therefore there is no information held.

Yours sincerely

Jamie Corner
