

**FOI: 23320741 Wentworth Street PCN's**

Tower Hamlets Council enforces the banned left turn from Wentworth Street on to Commercial Road but the road markings at the junction show that it's a red route. Please supply me with the following information.

- 1) What other red route locations does Tower Hamlets Council enforce?
- 2) Please supply the information in a) to g) below per red route location that the council enforces and per year for the last five full financial years (2015-16, 2016-17, 2017-18, 2018-19 & 2019-20).
  - a) The number of PCNs issued.
  - b) The number of PCNs paid but not challenged at any stage.
  - c) The number of PCNs challenged at any stage.
  - d) The number of PCNs paid after being challenged at any stage.
  - e) The number of PCNs cancelled.
  - f) The number of PCNs written off.
  - g) The number of cases still open.
- 3) Please supply a copy of your agreement with Transport for London allowing you to enforce those locations.

We do not enforce TFL red route and do not have agreement with TFL to enforce red route. However, through attached TMO we have power to enforce banned turn into Commercial Road from Wentworth Street which is a moving traffic offence but not red route enforcement . As we do not enforce red route, I can not provide any figure for this FOI request.
