Dear Mr Harrold,

REQUEST FOR INFORMATION

I am writing in respect of your recent enquiry for information (ATI000877) under the provisions of the Environmental Information Regulations 2004.

1. What is your AIS policy/requirements showing a live track i.e is it supposed to be live whilst the vessel is under way, or at the discretion of the skipper?

I can confirm that CCW has no policy in relation to the above but choose to leave the AIS on permanently.

2. How many times has the vessel been used for "Seasearch" activities and who funded these trips. Can you provide details of costs associated to CCW direct, and funding allocated via the Seasearch grants.

Pedryn has never been used for Seasearch activities

3. Can you provide a brief activity summary for the past 12 months detailing Date out, duration, crew number and brief explanation of the tasks conducted.

Please see below (annex A) summary of Pedryn's activity from September 2011 to September 2012.

Please note that this information is covered by copyright law (see attached Control of Usage Information).

We now consider that we have complied with your request. However, if you are dissatisfied with our response you are entitled to pursue this matter through our appeals and complaints procedure, a copy of which is attached

Yours sincerely
