

CHILD EMPLOYMENT RISK ASSESSMENT

The Five Steps to assessing risk in the Workplace:

1. Look for hazards
2. Decide who might be harmed and how
3. Evaluate the risks deciding whether the existing precautions are adequate or should be amended
4. Record your findings and keep on file
5. Review your assessment periodically and revise when necessary

In the case of compulsory school age employees, you need to pay particular attention to the young person's lack of experience, training and supervision needs in the workplace.

You are required to NOTIFY their parents or legal guardians that a risk assessment has taken place. The simplest way to do this would be to take a copy of the Risk Assessment.
