Please find attached the following;

- 1) A PDF of an electronic petition on change.org with 214 signatures
- 2) A PDF of paper petition with a further 65 signatures. I have also attached a spreadsheet with the comments submitted to change.org when signatures were submitted. I think this further underscores the high degree of local concern.

I would like to present this at the Education, Libraries & Localism Cabinet Panel

and I understand their next meeting is 20 Jun 2017 - 14:00 to 17:00 although an agenda has not been published as of yet.

Dear Deborah

I think the views of our Local Member are fairly well known to me (also previous Education Panel Chair) so I don't think that will achieve much.

However an email of the views of the new Chair of Education, Libraries & Localism Cabinet Panel and whether he is prepared to resolve this petition satisfactorily would be sufficient,

Disappointing that this could not be presented this week at the Education, Libraries & Localism Cabinet Panel.

Dear Deborah

I think the views of our Local Member are fairly well known to me (also previous Education Panel Chair) so I don't think that will achieve much.

However an email of the views of the new Chair of Education, Libraries & Localism Cabinet Panel and whether he is prepared to resolve this petition satisfactorily would be sufficient,

Disappointing that this could not be presented this week at the Education, Libraries & Localism Cabinet Panel.

If the petition is not resolved satisfactorily following raising the issue with the Executive Member and Local Members, you will have the option of presenting the petition to the Education, Libraries & Localism Cabinet Panel on 14 September

**REPORT ON A PETITION TO RECONSIDER THE DECISION TO BUILD A NEW HARPENDEN
SCHOOL ON THE SITE EAST OF COMMON LANE**

Report of the Director of Children's Services

Local Members: John Hale, Colney Heath & Marshalswick
Adjoining Members: Dreda Gordon, London Colney

Notice has been received that [REDACTED] wishes to present a petition in the following terms:

"We the undersigned, as residents of the Harpenden School Planning Area, petition Hertfordshire County Council (HCC), in conjunction with Education Funding Agency (EFA), to rerun the site evaluation and selection process, including scoring that led to the Site East of Common Lane (Site F) being chosen as a potential new school site, before any further work is carried out on the Harpenden School project due to significant changes in the factors considered in the previous exercise.

In the original scoring used to justify site selection no account was taken of the following (in no particular order):

- 1) Site F's owners ambitions to develop part of the site for housing, and the consequent effects on school building;*
- 2) The ambition of South Beds to develop housing on the Harpenden Northern border.*
- 3) The rising levels of traffic caused by housing development on the Lower Luton Rd and North Harpenden and the continuing expansion of Luton Airport.*
- 4) Two separate Archaeological investigations by the University of Bristol on only one corner of the site using Magnetometry and Ground Penetrating Radar have revealed a significant variety of constructions on the site which merit a thorough investigation of the entire site,*
- 5) The original decision (as stated in minutes of HCC Cabinet meeting 23 September 2013) was based on a permanent increase in demand of 5 Forms of Entry over current school place provision, while the latest HCC forecasts, produced just 3 years later, show a fall to a demand for 0 Forms of Entry by the end of the forecast period, i.e. no shortfall. We believe this evidence that was not available at the time the search and evaluation processes were undertaken and has a material bearing on the nature and location of an appropriate site for needs of the area.*

As this evidence was not available at the time the search and evaluation processes were undertaken and has a material bearing on the nature and potential location of an appropriate site for the needs of the area.

Any one of the above is enough to mean the circumstances for releasing this site from green belt cannot be justified".

A report on the subject of the petition is to follow. (2A)

Dear Deborah

I think the views of our Local Member are fairly well known to me (also previous Education Panel Chair) so I don't think that will achieve much.

However an email of the views of the new Chair of Education, Libraries & Localism Cabinet Panel and whether he is prepared to resolve this petition satisfactorily would be sufficient.

Disappointing that this could not be presented this week at the Education, Libraries & Localism Cabinet Panel.

Dear [REDACTED],

Thank you for your quick response. I am following up your petition and am mindful that you have not yet had the opportunity to meet the Executive Member to discuss the issues you raised, so please accept our apologies for that delay. In light of this Councillor Douris is happy for you to present your petition at the next Education, Libraries and Localism Panel meeting, 14 September, rather than waiting to meet first, if you would prefer.

However, if you would still prefer to meet the Executive Member and then have the opportunity to present the petition at a subsequent panel meeting please let me know and I will see that the relevant arrangements are made.

Again, our apologies for the delay in the process.

Hi [REDACTED]

We didn't receive any further correspondence from [REDACTED] so the Exec Member is going to respond to his petition and invite him to present in November if he still wishes in light of the response. We've asked that he copy you in when he responds.

Dear [REDACTED],

Thank you for the update. Unfortunately I've been advised by our Democratic Services team that we are now too close to the 14th for your petition to be included on this month's agenda. However, you therefore have the option for the matter to be addressed by the Executive Member first and then, if necessary, will be able to present to the following panel meeting.

I will be away next week but colleagues, copied for information, will be able to pursue the next steps in my absence.

Dear Deborah

I think the views of our Local Member are fairly well known to me (also previous Education Panel Chair) so I don't think that will achieve much.

However an email of the views of the new Chair of Education, Libraries & Localism Cabinet Panel and whether he is prepared to resolve this petition satisfactorily would be sufficient,

Disappointing that this could not be presented this week at the Education, Libraries & Localism Cabinet Panel.

Dear [REDACTED]

As your petition 'Reconsider the decision to build a new Harpenden School on the Site East of Common Lane' has over 250 signatures and affects more than one division, you now have the option of raising the issue with the Executive Member and the Local Members to resolve the matter.

If the petition is not resolved satisfactorily following raising the issue with the Executive Member and Local Members, you will have the option of presenting the petition to the Education, Libraries & Localism Cabinet Panel on 14 September 2017. (Only two petitions per Cabinet Panel; currently no petitions have been informed).

Can you please advise how you would like to raise the issue with the Executive Member / Local Members? I.e. you do not necessarily have to meet; these can be via email etc.

I await to hear from you.

Please find attached the following;

- 1) A PDF of an electronic petition on [change.org](https://www.change.org) with 214 signatures

Hi all, thanks. Just fyi, it's not whether the signatories to a petition cover more than one member division, it's whether the subject of the petition affects more than one member division. Simon/Pauline/Dan will need to confirm but I would have thought that the building of a school in Harpenden would impact on 2+ member divisions, particularly if it's a secondary school since there are 3 member divisions in Harpenden alone and most secondary schools draw in from quite a wide area. Simon, Pauline, Dan, please confirm asap - thanks
