I have spoken with a planning office who has suggested that I send this email to you.

We [REDACTED] have some concerns regarding the development that is taking place.

Because of these concerns we have revisited the planning application and have noticed that it states under item 6

### 1. no hedges would be removed or trimmed

[REDACTED]

***2. no trees on their or adjoining property***

I would be grateful if you could look into this matter with some urgency as there is a huge gap in the hedge and they have dug out all of the foundations.

Thank you. I realise that these are unprecedented times and that you may not be available immediately but do hope that you can address our concerns as soon as possible.

Thank you
