**Subject:** North Greenwich Busway - proposals to extend towards North Greenwich Bus Station  
**Date:** 14 October 2013 12:14:09  
**Attachments:** [113313-44-045 A.PDF](#)

---

John,

I think you've been involved in this previously - I wondered if you wanted to meet briefly to discuss the state of play with proposals from Quintain (as developer for this end of the peninsula – used to be called GPRL) to alter the junction of the busway/West Parkside and Edmund Halley Way and extend the busway towards the bus station.

As drawn the proposal actually removes the signals at this junction, but this may well change as their proposal evolves.

Marcel/Jennifer – you may also want to be involved in this?

See attached.

Regards

Joel
