PROPOSED FOOTWAY – STEAM MILL ROAD, BRADFIELD

Dear Owner/Occupier

Following a request from Bradfield Parish Council and approval from Tendring Local Highway Panel I enclose a copy of the proposed footway drawing for Steam Mill Road, Bradfield.

The scheme drawing shows a footway hatched black. The footway will be 1.2 metres wide for the majority of the length and abutting the highway boundary adjacent to your property. We will provide any 'tie in' requirements between the new footway and your driveway or pedestrian access. Where possible the footway will fall to the carriageway and any water will be collected by the gullies.

The existing carriageway will be reduced to 5.2 metres wide and the centre line will be removed. Edge lines will be used to give the driver further appearance of a narrow lane and encourage slower speeds.

If you have any questions please contact me on the below number.

Yours sincerely

Engineer
