

Freedom of Information Act / Environmental Information Regulations Request

Reference: ECC-036310-13

Response: 28 August 2013

Follow up to request reference ECC-035859-13

I notice the minutes of the Highways Panel mention two options - either the proposed narrowing or land purchases to provide the footpath. None of the other documentation supplied appears to reference this second option.

Could you advise whether this option has been considered and any draft plans produced for it as well?

The scheme is historic in nature and from the existing information it is believed that to install a footpath we may need to require narrowing of the carriageway or require land purchase. However, until our engineers draw up the scheme we are unable to comment on what is required.

Once the drawings have been completed they will be made available to the Parish Council and Tendring Local Highways Panel
