

FOI 11352 Primary School Agency Spends 2013-2014

Please provide me with a full breakdown of the spend for the last school year of all temporary/supply staff in primary schools throughout Tower Hamlets.

If possible could you break this down to show the individual supplier each school has used to obtain these services and the total that each school has spent with each supplier.

The funding for maintained schools is delegated via the LA DSG Grant. Schools are responsible for the delegated funding.

The CFR (Consistent Financial Reporting) framework summarises school level financial information into headings for LA and DfE requirements.

The CFR data is available for all Authorities via the http://www.education.gov.uk/schools/performance/primary_13/p9.html look for the "Raw Data File"
