This sounds right, I think it would have been an open (as opposed to Open http://www.scotland.gov.uk/Resource/Doc/1265/0051782.ppt) tender as it was under threshold (the chart is for over threshold).

From document on screen, looks like it was just loaded onto tenders.ac.uk therefore not EC, but can also check through EC ads to be sure.

Is there any way we can tell if this tender was Journal one and if so what procedure was used. I don't think it was?
