Hi Tom

Please find attached the draft FOI response we talked about recently which includes your wording on how we handled independent contractors.

[REDACTED] Elsewhere in the FOI request we have had to refer to framework agreements for hardware, grateful if you could look at your first para and include the correct terminology as currently we only mention competitive dialogue. On a similar theme NCC came in on the back of a tender that was below the European threshold - not sure what you call this but grateful if you could add to your opening para.

Many thanks
Sandy
