**Subject:** RE: Agency Agreement

Hi David

Yes. I think the key question at this stage isn't the actual wording of the agreement which we should probably take as acceptable, but whether we continue with the PS arrangement as opposed to the HE solution through the Energy Consortium. I understand from Bert and the team that the deal is acceptable.

Many thanks

Tom

Bert has sent me the proposed agency agreement with Scottish Procurement for energy procurement. I presume you are happy that I sign it?

David
