Type of request FOI

The proposed layout for Cambridge Central library

1) Could you please send me a copy of the proposed layout for the 3rd floor of Cambridge Central library.

In agenda item 5 of the Highways and Community Infrastructure meeting of 17 March 2015, paragraph 2.3 says this layout is available in "confidential Appendix 1". I think the public interest in knowing exactly what is proposed outweighs any considerations of commercial confidentiality. I am not asking for the whole of Appendix 1, just the layout diagram.

Please see Appendix 1, attached, which is the proposed draft layout for the third floor of Cambridge Central Library, which was contained in confidential Appendix 1 of the 'Cambridge Library Enterprise Centre' committee report which went to the Highways & Community Infrastructure Committee meeting held on Tuesday 17 March 2015.

Please note that the copyright of Appendix 1, the proposed layout of Cambridge Central Library's third floor, belongs to Hawkins Brown Architects LLP, (Hawkins\Brown, 159 St John Street, London, EC1V 4QJ), and therefore this layout cannot be published or reproduced without their permission. Cambridgeshire County Council has sought permission from Hawkins\Brown to release this layout for the purposes of this FOI inquiry.

Please also note that Appendix 1, the proposed layout of Cambridge Central Library's third floor, is a draft version for planning and illustrative purposes only at this stage.
