In addition to the above, Lambeth Council also operates a Community toilet scheme. Under the scheme businesses such as restaurants, bars and shops work together with the council to provide more clean, safe and accessible toilets for members of the public. Members of the public can use the toilet facilities of the businesses during their normal opening hours and without any need to make a purchase. Participating businesses will display community toilet scheme stickers in their windows. Further details on the locations of all members of our Community toilet scheme can be found at: <http://www.lambeth.gov.uk/open-data/community-toilets>

Closed toilets are as follows:

- Clapham Common, Clocktower (Gentlemen's) - closed 2010

2. Can you let me know in the last 3 years how many toilets have been sold or put on the open property market?

Four

3. Could you let me know who manages this community asset within our borough?

Popes Road is managed by Veolia as part of our Veolia contract;
The Parks toilets are managed in-house;
Gracefield Gardens is managed by the Streatham BID.

4. What is the future plan for our closed toilets in the borough?

Each WC is considered on a case by case basis, taking into account the location, locality, demand and feasibility. In some cases they are let out to commercial occupiers to generate income, in one case a WC has been converted to residential. In other cases, they are to be used for community based activities.
