Dear Mr Whittaker

Re: Information Commissioner decision notice reference 4460

Please find attached the database information that you requested under reference 4460 as per the decision notice issued by the Information Commissioner on 6 October 2015. It has been provided in an interchangeable Shape file format so that it will work with various systems although, until now, the Council has recorded it in MapInfo format.

Please note that, as per the decision notice, information contained in the “notes” field and the “CCC maintainable” field withheld under Regulations 12(4)(e) and 12(4)(d) in respect of the “CCC maintainable” information and has been removed from the files.

Specific details about the Rights of Way data

A Council's Definitive Map and Statement and Commons and Village Greens Registers are the authoritative source of information about the public rights of way, commons and village greens in that council's area. The details contained in the data supplied are for information only, and are an interpretation of the Definitive Map and Statement and Registers, not the legal records themselves. They should not be relied on for determining the position or alignment of any public right of way, common or village green.

For legal purposes, the data does not replace its Definitive Map and Statement or Commons or Village Greens Registers, and changes may have been made to the legal records that are not included in this data.

The data contains Ordnance Survey data © Crown copyright and database right 2015. The public rights of way data is 'Free to Use' under the Ordnance Survey's Terms & Conditions (see: <http://bit.ly/bp975s>) but you must acknowledge the Ordnance Survey's copyright and the source of this free-to-use data (see bottom of the page on the link). However, the data is the intellectual property of Cambridgeshire County Council, and a charge may be levied for use of it.

The information is used for indicative purposes only, and does contain errors and anomalies. The County Council is currently undertaking a long-term project to resolve these. Where clarification of a route or boundary is required, the original Map and Statement/relevant Register the Asset Information team must be consulted at Assetsandcommissioning@cambridgeshire.gov.uk.

The data is current at the time of publication. Changes can be made daily and therefore some of the data may quickly become out-of-date.

Information is given without prejudice to applications made under Section 53 of the Wildlife and Countryside Act 1981 or Section 15 of the Commons Act 2006 that may subsequently be proved.

For these reasons Cambridgeshire County Council's Public rights of way mapping Disclaimer should be clearly shown whenever the data is used:

'The public rights of way shown on this map are copied from Cambridgeshire County Council's digital version of the Definitive Map. The data should not be used for legal purposes. If in any doubt please contact the Asset Information Team via email Assetsandcommissioning@cambridgeshire.gov.uk.'

Cambridgeshire County Council will not be held liable for misuse of the data or for any misinformation that may occur as a result of an organisation's use of the data.

Yours sincerely,

Jo Withey
Information Governance Officer
Cambridgeshire County Council
