The National Pupil Database

**NPD Data Request Application Pack
July 2012**

1. Introduction

- 1.1. The NPD Data Request Application Pack is to be used for requesting extracts and tabulations of NPD data. You can find additional copies of this document, and other documents relating to the Data Request Service, on the [NPD Online website](#).
- 1.2. Before making an application, please make sure that you have read all the accompanying information on the [NPD Online website](#) including the NPD User Guide and Protocol.
- 1.3. This form should be filled in electronically and emailed back to the NPD Data Request team (NPD.REQUESTS@education.gsi.gov.uk).

2. Who can request access to the data?

- 2.1. The law allows us to share pupil data from the National Pupil Database with named bodies and third parties including schools, local authorities, other government departments and agencies under the Education (Individual Pupil Information) (Prescribed Persons) (England) Regulations 2009.
- 2.2. These regulations also allow the Department to disclose individual pupil information, subject to the Data Protection Act 1998, to named bodies and third parties who require access to the data to undertake research into the educational achievements of pupils. Access is subject to requestors complying with terms and conditions imposed under contractual arrangements and a rigorous request approval process.
- 2.3. Any person requesting access to the data will have to demonstrate that they will comply with all relevant requirements of the Data Protection Act 1998. They will need to demonstrate that:
 - they have appropriate security arrangements in place to process the data;
 - they intend to use the data only for the specified purpose;
 - they will keep the data only for the specified length of time;
 - they will not try to further disclose the data.
- 2.4. Applicants will be expected to sign an agreement to confirm this. Anyone requesting access to the most sensitive data will also be required to submit a business case and provide additional information about their security arrangements.
- 2.5. Please keep a copy of all the documents, including completed forms, for your own records.

Please select the suitable Tier which will cover all the information you are applying for.			
Information Tier	Information Type	Description	Tier Requested
1	Individual pupil level data - Identifying and / or Identifiable and Highly Sensitive	<p>Individual pupil level extracts that include identifying and highly sensitive information about pupils and their characteristics including items described as 'sensitive personal data' within the UK Data Protection Act 1998.</p> <p>Examples of identifying data items include Names, Address and Date of Birth.</p> <p>Examples of highly sensitive data items include Looked After Status, In Need Status, Full Ethnicity, Full Language and Primary and Secondary SEN Type, reasons for exclusions and absence.</p>	<input checked="" type="checkbox"/>
2	Individual pupil level data – Identifiable and Sensitive	<p>Individual pupil level extracts that include sensitive information about pupils and their characteristics including items described as 'sensitive personal data' within the UK Data Protection Act 1998 which have been recoded to become less sensitive.</p> <p>Examples of sensitive data items include ethnic group major, ethnic group minor, language group major, language group minor, Special Educational Needs and eligibility for Free School Meals.</p>	<input type="checkbox"/>
3	Aggregate School level data – Identifiable and Sensitive	<p>Aggregated extracts of school level data from the Department's School Level Database which include items described as 'sensitive personal data' within the Data Protection Act 1998 and could include small numbers and single counts.</p> <p>For example, there is 1 white boy eligible for Free School Meals in school x that did not achieve level 4 in English and maths at Key Stage 2.</p>	<input type="checkbox"/>
4	Individual pupil level data – Identifiable	<p>Individual pupil level extracts that do not contain information about pupils and their characteristics which is considered to be identifying or described as sensitive personal data within the Data Protection Act 1998.</p> <p>For example, the extracts may include information about pupil attainment, prior attainment, progression and pupil absences but do not include any trivially identifying data items like names and addresses and any information about pupil characteristics other than gender.</p>	<input type="checkbox"/>

2.6. Further guidance about this form and how to request an extract from NPD can be found on the NPD Online website.

3.2. Details of Data Required

3.2.1. There are a range of data sources in the National Pupil Database providing detailed information about children's education at different stages (pre-school, primary and secondary education and further education). The data includes detailed information about pupils' test and exam results, prior attainment and progression at different Key Stages for all schools in the state sector in England. Attainment data is also

held for pupils and students in non-maintained special schools, sixth form and Further Education (FE) colleges and (where available) independent schools.

3.2.2. The National Pupil Database also includes information about the characteristics of pupils in the state sector and non-maintained special schools such as gender, ethnicity, first language, eligibility for free school meals, information about Special Educational Needs (SEN) and detailed information about pupil absence and exclusions.

Data Use Statement

Is this request:	New <input checked="" type="checkbox"/>
	Request to re-use data <input type="checkbox"/>

Previous Data Request Number issued by DfE:

What will the data be used for? Full information about your project including aims, audience and how it will be presented (giving details of the products/outputs that will be produced from your use of the data e.g. analysis, reports, tables, books and expected usage of these products)

Project Aims: To provide more detailed information for parents about the relative achievements of different schools in different subjects for different types of pupil.

Intended audience: Daily Telegraph readers and parents

Expected outputs: Interactive website with accompanying articles and features on performance

Any other details? e.g. have you previously worked with any other Government Departments?

Yes - Cabinet Office, DCLG, Health, Education and others.

How long will you need access to the data for as part of this agreement?

As long as possible

Data storage, retention and destruction

Storage

Data will be stored on a secure system (in line with the relevant controls within ISO 27001 and/or the HMG Security Policy Framework) which is password protected, and encrypted where appropriate, so that access to the NPD data is restricted to only those who are named within this agreement.

The data will be stored at the address stated in the contact details.

Retention

Data will only be retained as long as is stated in paragraph 5.1.3 of the NPD User Guide and Protocol document. If the data is required longer then approval from DMAP, via the NPD Data Request team, will be obtained.

Destruction

Data will be securely destroyed using file shredding software. Similarly, physical media will be destroyed using a high specification shredder with the functionality to irreversibly destroy the disk. The data will also be removed from any back up tapes that contain it. Confirmation that this has occurred will be given in writing (via email) to the NPD Data Request team.

3.3. Requests for sensitive data items

3.3.1. There are two types of sensitive data items in the NPD: those that can be made less sensitive) by mapping, and those that cannot be made sufficiently less sensitive by mapping. The data items included in each section are outlined in the table below.

Type of sensitive data items	Data items	What the data items are mapped to
Data items that can be made less sensitive by mapping	Date of birth	Age of pupil at the start of the academic year Year and month of birth of pupil
	Ethnic code (extended ethnic codes)	Ethnic group (based on the 20 main ethnic codes)
	Language code (extended language codes)	Language group
	Home address including Postcode Output Area (OA)	Super Output Area (SOA) and other geographical areas
	Pupil Matching Reference (PMR)	Anonymous Pupil Matching Reference
	Unique Pupil Numbers (UPN)	Anonymous Pupil Matching Reference
	Unique Learner Numbers (ULN)	Anonymous Pupil Matching Reference
Data items that cannot be made less sensitive.	Exam Candidate Number	
	Candidate ID	
	Names	
	Primary and Secondary special educational need (SEN) type, e.g. specific learning difficulty, hearing impairment etc.	
	Special Educational Needs	
	Service children in education indicator	
	Pupil's type of disability	
	Children in Need	
	Children Looked After (CLA)	
	Pupil Premium	
	Free School Meals (FSM)	
	Reasons for Absence	
	Reasons for Exclusions	
Free School Meals (FSM)		

Business Case for sensitive data items	
Please define the sensitive data item(s) that you require. e.g. Date of birth, Postcode etc	Date of birth to track progress of different age groups within a class, and postcode to track how different datasets based on addresses (e.g. deprivation) affect results
What will you be using the sensitive data item(s) for?	Matching with other datasets and finding stories in the data
If you require Date of birth, Ethnic code or Home address (including Postcode), why are the mapped data item(s) not adequate for your needs? e.g. Why is year and month of birth of pupil not sufficient for Date of birth?	We would like to be able to map the data to other address data (e.g. Westminster constituencies, Postcode areas) that may not be possible with only Super Output Area data

Conditions of Supply

1. The data will only be used for the purposes set out in this document and agreed with the Department. For example, the purpose is to conduct research into the Educational Achievements of Pupils.
2. Where the data is being used to support work on behalf of the Department the parties agree that the Department is the Data Controller and that the 3rd party data user is the Data Processor. (Please tick if applicable to your request type)

3. Where the data is being used to support independent work the parties agree that the 3rd party data user is the Data Controller. (Please tick if applicable to your request type)
4. The terms "Data Controller", "Data Processor", "Data Subject", "Personal Data" and "Sensitive Personal Data" shall have the meaning prescribed under the Data Protection Act 1998.

Conditions for processing of personal data

5. The information will be processed in accordance with the principles and conditions set out in the Data Protection Act 1998 and with proper safeguards to ensure confidentiality. Any identifiable and sensitive data will be held in a secure environment where any access can be traced. The Department will have the right to inspect and audit the security arrangements in place.
6. To comply with section 7 of the Data Protection Act 1998 with regards to rights of access to personal data.
7. No contact will be made with any individual(s) who could be identified from the data supplied unless agreed in advance by the Department via the NPD Requests team.
8. Non-identifiable Pupil data from the NPD must not be used to identify (or recognise) individual pupils and must be handled with proper regard to the confidentiality of individuals.
9. No attempt will be made to link the information supplied to any other data relating to identifiable individuals without the prior approval of the Department, via the NPD requests team. The prior agreement of the Department will also be required for any extension of this work using (or derived from) the data supplied by the Department, beyond that which was originally notified.
10. To employ appropriate organisational, operational and technical processes and procedures to keep any personal data safe from unauthorised use or access, loss, destruction, theft or disclosure. These measures shall be appropriate with regard to the nature of the Personal Data which is to be protected. More stringent security measures will be adopted in relation to sensitive data (and/or sensitive personal data) where harm or distress to individual pupils is likely to result from their identification as a result of any unauthorised or unlawful processing, inappropriate publication or dissemination or as a result of accidental loss, destruction or damage.
11. To take reasonable steps to ensure that any persons who have access to personal data will not process it other than on accordance with this agreement. Also to ensure that no individual or organisation, other than those specifically mentioned within this agreement will be allowed access to the data (except in the form of non-disclosive statistical tables or conclusions) without the written permission of the Department and where such permission is given to take reasonable steps to ensure that the other person(s) comply with the obligations set out in this Agreement.
12. To ensure that all specified persons accessing personal data are informed of the confidential nature of the data and comply with the conditions set out in this Agreement.

13. All information supplied by the Department (and any copies or potentially identifying tables produced from it) will be stored securely and securely destroyed (the Department can supply you with details on how to do this) when no longer required for the purposes for which it was supplied, or after one year whichever is the earlier. The Department reserves the right to check that this has been done. Should the data be required for longer than one year, approval must be sought *in advance* from the Department via the NPD Requests team.
14. To acknowledge that the Department is subject to the requirements of the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 and, if required, to cooperate with the Department to enable the Department to comply with its information disclosure obligations by providing all necessary assistance as reasonably requested by the Department to enable the Department to respond to a Request for Information within the time for compliance set out in section 10 of the Freedom of Information Act 2000 or regulation 5 of the Environmental Information Regulations 2004.
15. Any reports, papers or statistical tables published or released to other organisations/individuals will fully protect the identity of individuals in accordance with the current guidance stated in Section 3.4 of the NPD User Guide and Protocol. Where there is doubt about the release of data/information, the advice of the NPD Requests Team will be sought. If, subsequent to release it appears that there is a risk of disclosure, the NPD Requests team will be informed immediately.
16. Any published NPD figure(s) at a local level must be based on no fewer than 3 cases or else suppressed (e.g. replaced with an asterisk, with a note "** in this table means a figure less than 3". Zero is allowed). Low-level analyses might facilitate the identification of individual pupils, especially with local knowledge. Care will be taken to ensure that values may not be more closely calculated by differencing from sub-totals.
17. Any published NPD figure(s) at a school level must be based on no fewer than 6 cases or else suppressed (e.g. replaced with an asterisk, with a note "** in this table means a figure less than 6". Zero is allowed). School-level analyses might facilitate the identification of individual pupils, especially with local knowledge. Care will be taken to ensure that values may not be more closely calculated by differencing from sub-totals.
18. I agree:
- to comply with all of the conditions for processing of personal data as set out in the paragraphs above.
 - that there is a legitimate need for this work which requires data containing the sensitivities indicated above.
 - to comply with the conditions for the fair processing of personal data set out in the Data Protection Act 1998.
 - that the data will be stored with the appropriate safeguards to prevent unauthorised access.
 - to site inspections being conducted by The Department for Education and to co-

operate fully in allowing the DfE staff access to premises, documents and equipment to enable them to ensure that security measures and arrangements for storage and processing comply with the conditions of this agreement.

- that the data will not be used for any other purpose other than that for which it has been requested without the written permission of the Department.
- that the data will not be copied, published or transferred to any third party without the written consent of the Department. Note: output based on the data may be shared provided it abides by the conditions above.
- to give prior notice of intention to publish NPD data to the NPD Request Team and where feasible provide a copy of the published work.
- to ensure that any published work containing NPD data acknowledges the source: "National Pupil Database, Department for Education".
- to inform the Department immediately if custodianship of the data should change.

19. I, by having signed this form, take responsibility on behalf of Telegraph Media Group for ensuring the conditions of this agreement are fully complied with. I will ensure that the Department is informed of the name of any person who has access to the NPD data supplied by the Department and that the named individuals have signed a Declaration. I will inform the Department immediately should I no longer be responsible for the data [within this organisation] and will ensure that a substitute Declaration is signed. I understand that the Department has the right to check on the custodianship of the data.

The following people will have access to the NPD data supplied. A signed Declaration for each person is attached. I will keep a copy of this list and notify the Department of any changes. I will forward a signed Declaration for any new users added.

Appendix B: Customer declaration of use and non-disclosure

This form is a declaration that the conditions for use of the NPD data requested will be adhered to. It should be completed by a senior person within the organisation with responsibility for data protection and security issues. This person will be responsible for safeguarding the NPD data and for ensuring that all users of the data will abide by the conditions of supply. When complete please return to the Department via the NPD Requests Team. NPD data will not be supplied until the completed form has been received. Access for each user is dependent on receipt of their signed Declaration.

When complete, this form should be returned (as part of the completed application pack) to: NPD.REQUESTS@education.gsi.gov.uk

1. Data requested [Please outline here the data required]
