

Engagement Method	Who	How	Outcome
Visitor Survey	General Public	<p>Available online and as a paper survey between the 13th October 2017 and 1st December 2017. It was promoted by Dudley Council through social media, including Twitter and Facebook, as well as an e-bulletin to over 70,000 subscribers, ward member email, media releases, website updates and three council employees and staff newsletters.</p> <p>There was a good take up, with 332 responses.</p>	<p>Stevens Park seems to be a well-used space, visited mostly by local people who tend to walk there, and mostly used for playing, walking / walking the dog or relaxing. However, most stay for an hour or less and the Park's condition is generally considered poor, with less than a third rating the condition good or excellent. While the satisfaction level is similar to many other Parks pre-HLF funded restoration, the survey results offer a good indication of what improvements people would like to see.</p> <p>There is a clear need for better / more pathways, as well as more interpretation about the heritage of the Park. While the poor condition of the Park and the presence of gangs and anti-social behaviour were a major factor preventing people from coming, the lack of toilets and cafe were two of the biggest barriers to visiting. Many would also like to see the Park made more wildlife</p>

			friendly as well as seeing more activities and events.
School Survey	<p>Quarry Bank Primary School</p> <p>Mount Pleasant Primary School</p> <p>Thorns Primary School</p> <p>The Old Park School</p>	In October 2017 local schools were contacted about their current and potential for future use of the park and house. All responded.	<p><u>Design considerations</u></p> <p>Specific access requirements from Oak Park both for building and landscape</p> <p>Toilets, hand washing</p> <p>Shelter and indoor teaching space – most schools</p> <p>Secure storage and bag storage</p> <p>Outdoor teaching area (possibly linked to horticultural space)</p> <p>Horticultural projects – linked to the growing space so need to consider any specific schools requirements</p> <p>Access to natural areas – currently limited opportunities</p>

			<p><u>Activity plan considerations</u></p> <p>Local history a common interest</p> <p>Sports activities</p>
Stakeholder Consultation	Wide-ranging community organisations	In March 2018 wide-ranging community organisations were contacted, provided with an introduction to the project and asked about potential for future engagement with the project, house and park. Responses were received from 7 organisations.	<p>Confirmation of future engagement from stakeholders including;</p> <p>Mount Pleasant Local History Group</p> <p>Walking for Health</p> <p>Dudley Youth Service</p> <p>Royal British Legion</p>

			As well as organisations interested in running commercial activities from the park.
Stakeholders' Workshop	Stakeholders	<p>In March 2018 a workshop was held at Quarry Bank Community Centre.</p> <p>The workshop gathered views on several themes including-</p> <p>Community garden</p> <p>Management & maintenance</p> <p>Activity planning</p>	A large number of ideas were generated under each theme. Thoughts were recorded onto umbrella diagrams and subsequently passed to relevant members of the design team for consideration in forming Round 2 Plans.
