	The Uniform Mark boundaries will not change for the lifetime of this specification.						
	The Raw Mark boundaries will be set independently in each examination series.						
note:	If you are planning to use these Raw Mark boundaries to estimate future performance and grades they must be used with caution as they are prone to change each series.						

An A\* grade will be awarded to candidates who have met both of the following criteria:

## Awarding A\*:

1. gain an A grade overall at A level; and

2. gain 90%, or more, of the maximum UMS on the combined totals of their A2 units.

The A\* will be awarded for A level qualifications only. It will not be awarded at AS level or for individual units.
