

I would like information about the numbers of homeless households being moved both out of and into the local authority area and where they are being moved to and from. I am aware from your reporting requirements to central government that you hold this information but only part of it is released through DCLG statistical updates.

I understand that under Section 16 of the Freedom of Information Act 2000 there is a duty to assist and advise the requester and would appreciate your advice if you think my questions need any clarification in order to get the information that I am looking for.
