Dear Mr O'Reilly,

## **Freedom of Information Request Reference FOI-1213033**

Thank you for your request dated 27 March, in which you asked the Department of Health and Social Care (DHSC):

*"Dear Department of Health and Social Care,  
I am writing to request a list of all of the domain names registered under the NHS.uk namespace / Top Level domain.  
I.E. I require a list of all web domains (or web addresses) AND subdomains, such as  
wales.nhs.uk  
www.connectingforhealth.nhs.uk  
www.nhsprofessionals.nhs.uk  
www.lx.nhs.uk  
www.national.slam.nhs.uk  
and so on that are currently and previously registered (whether in use or not) through Connecting For Health. I do NOT require any other registration details, simply a list of the domains/subdomains (though any other information can be provided if it's easier).  
This information is likely to be available from system administrators and from most DNS servers. It is not readily available on the www.nhs.uk website in one list, and not all individual domains are linked to or from that website.  
I am happy with the information in any common electronic format.  
Yours faithfully,  
Donald O'Reilly"*
