Subject: We need more information about your application and Underpayment of application charge EPR/YP3732QA/A001

Dear [REDACTED]

We need more information about your application and Underpayment of application charge

Application reference: EPR/YP3732QA/A001
Operator: Peak Gen Power 18 Limited
Facility: Peak Gen Havant

Thank you for your application received on 18/10/18. The following is to confirm our conversation of 10/12/18.

Unfortunately the application payment you sent is incorrect. The correct application charge is £ 7,329. This leaves a balance of £ 779 to pay (after the £ 500 refund for the newspaper advertising). This is required as your application requires an assessment under the Habitats Regulations, the charge for which is not included in the baseline application charge.

I need to ask you for some missing information before I can do any more work on your application. **Please provide us with the National Grid reference for each unit (and therefore each emission point) at the installation.**

Please send the information, quoting the above application reference, to:

Email address: psc@environment-agency.gov.uk.

Postal address:
Permitting and Support Centre
Quadrant 2
99 Parkway Avenue
Parkway Business Park
Sheffield
S9 4WF

Please send the information and payment within 10 working days of this letter. Details of how to pay are given in Part F of the application form. If we don't hear from you, we must return your application.

When we receive the requested information and payment, we'll continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by letter whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the application charge to cover our costs in reviewing your application and requesting information. This maximum amount we'll retain is capped at £1,500. Further information on charging can be found at: <https://www.gov.uk/government/publications/environmental-permitting-ep-charges-scheme>

If you have any questions please phone me on [REDACTED] or email [REDACTED]@environment-agency.gov.uk.

Yours sincerely

[REDACTED]

Simple, fair, effective charges.

Our regulatory charges have changed. On 1 April 2018 we introduced our new charging schemes. Find out how you may be affected.
