Dear Jo,

Thank you for bringing this to our attention – we hadn't heard about this before, and we will look into it. The provisions that this framework document is based on appear to have been in force since December 2012 (s 91, ss98-102 of LASPOA 2012). Do you know if this problem has occurred previously since the Act has come into force, or is this the first occurrence of it?

Best wishes,

Vincent

I have received the below e mail and attached document from the Det Ch Supt Paul Richardson in Merseyside. I will include this in the final submission from the Police to yourselves but thought I should raise this with you now to consider as I don't believe it's been raised before.

Further to my report re changes to the firearms legislation, which is on route to you for consideration of your meeting with the Law Commission. This is a further issue that requires some consideration on the basis that the offence of violence at 'Step 3' does not include firearms offences. I am not sure what could be more violent than the possession of a firearm but we are having to bail 17 year old men because of the attached instruction.

Thanks

Paul

Lisa,

Could you please circulate the above attachment to all supervisors within Stanley Road. I attempted to escalate a Possession of a Section 5 firearm last night against a male who was 17 yrs and classed as a child. I was unsuccessful due to the attached new frame work.

Thanks

Mark Smith
