

Departure ID	Standard Subject	Workflow State	Date	DepartureSummary
83505	Drainage	Approved	23/05/2019	Use of a VRS directly above deep filter drains
80088	Earthworks SHW	Approved with comments	02/05/2017	Use of lightweight aggregate (specific location)
69070	Motorway	Approved	29/11/2013	Alternative equipment design loads when calculating overall circuit loads
77473	Motorway	Approved	02/02/2016	Non-standard spacing between signals (specific location)
68558	Road Geometry	Approved with comments	14/04/2014	visibility to gantry (specific location)
68560	Road Geometry	Approved with comments	14/11/2013	visibility to continuation VMS (specific location)
68562	Road Geometry	Approved	25/10/2013	Advanced SOS phone signs (specific location)
68580	Road Geometry	Approved with comments	14/04/2014	Installation of bespoke VMS in the central reserve (specific location)
68596	Road Geometry	Approved	25/10/2013	Advanced SOS phone signs (specific location)
68696	Road Geometry	Approved with comments	14/04/2014	visibility to gantry (specific location)
68714	Road Geometry	Approved with comments	14/11/2013	visibility to gantry (specific location)
68914	Road Geometry	Approved	04/11/2013	Taper length and layout type relaxations (specific location).
68915	Road Geometry	Approved with comments	25/04/2014	visibility to gantry (specific locations)
69016	Road Geometry	Approved with comments	23/12/2013	Nose ratio and layout type relaxation (specific location)
69303	Road Geometry	Approved	17/12/2014	Position of 1/4 mile secondary ADS used with a 3/4 mile primary ADS (specific location)
69461	Road Geometry	Approved	17/12/2014	Signal spacing (specific locations)
69693	Road Geometry	Approved	26/08/2014	Provision of a non-standard diverge (specific location)
69694	Road Geometry	Approved with comments	23/12/2013	Non-standard layout (specific location)
69695	Road Geometry	Approved with comments	23/12/2013	Close spacing of merges (specific location)
69702	Road Geometry	Approved	23/12/2013	Close spacing of merges (specific location)
69703	Road Geometry	Approved	23/12/2013	Merge type (specific location)
69705	Road Geometry	Approved with comments	26/08/2014	Non-provision of near straight (specific location)
71315	Road Geometry	Approved with comments	14/04/2014	Bespoke VMS (specific location)
74414	Road Geometry	Approved	17/12/2014	Signal spacing (specific location)
74415	Road Geometry	Approved	17/12/2014	No provision of Lane Signals (specific locations)
74416	Road Geometry	Approved	17/12/2014	Provision of Lane Signals on link Gantry (specific locations)
77467	Road Geometry	Approved	28/01/2016	Position of single span portal signal gantry (specific location)
77468	Road Geometry	Approved	01/02/2016	Position of primary ADS.
77469	Road Geometry	Approved	01/02/2016	Position of single span portal signal gantry (specific location)
77471	Road Geometry	Approved	02/02/2016	Position of portal signal gantry (specific location)
77472	Road Geometry	Approved	02/02/2016	Position of portal signal gantry (specific location)
77503	Road Geometry	Approved	10/02/2016	Position of the proposed signal gantry (specific location)

77504	Road Geometry	Approved	10/02/2016	Position of the proposed secondary signal gantry (specific location)
77521	Road Geometry	Approved	10/02/2016	Position of 1/4 mile secondary ADS (specific location)
77522	Road Geometry	Approved	10/02/2016	Position of 3/4 mile primary ADS (specific location)
68548	Road Pavement	Approved with comments	14/08/2013	Design of ERA pavement
68913	Road Pavement	Approved with comments	28/08/2013	Reduction in the number of million standard axles (msa)
74152	Road Pavement	Approved with comments	14/01/2015	Use a trenched method to install a cross carriageway duct (Specific location)
74153	Road Pavement	Approved with comments	14/01/2015	Trenching in Lane 4 where directional drilling is proposed from CR
74167	Road Pavement	Approved with comments	06/02/2015	Use trenching to install cross carriageway ducting on motorway slip roads
74186	Road Pavement	Approved with comments	06/02/2015	Micro Trenching to install shallow ducts
75449	Road Pavement	Approved with comments	06/08/2015	Use of asphalt reinforcement to underside of binder layer
76923	Road Pavement	Approved with comments	16/10/2015	Central reservation Pavement Widening Detail
80622	Road Pavement	Approved with comments	26/07/2017	Carriageway voids - Polyurethane Resin
77694	Road Pavement	Approved with comments	02/06/2016	Location of joint detail in pavement
77752	Road Pavement	Approved	21/07/2016	Joint detail in pavement binder layer
69419	Signals & VMS Non	Approved	26/02/2014	600 Gantry Power cabinet given the designation of "GP"
69437	Signals & VMS Non	Approved	26/02/2014	Power equipment in 600 Cabinets for gantry mounted devices
69675	Signals & VMS Non	Approved with comments	14/11/2013	Fibre optic isolation
72524	Signals & VMS Non	Approved with comments	03/07/2014	Earth retaining chambers and cabinet plinths
77843	Signals & VMS Non	Approved with comments	21/07/2016	Use of Shallow Concrete Encased Comms ducts
77844	Signals & VMS Non	Approved with comments	22/07/2016	Use of Shared Street Lighting and Communications Trench
78367	Signals & VMS Non	Approved	09/11/2016	NRTS Cabinets
78368	Signals & VMS Non	Approved	03/11/2016	NMCS Wiring Loop in 600 cabinets
71676	Signals & VMS SHW	Approved	29/04/2014	Use of 50A fuses in EI cabinets
69248	Structures	Approved	08/10/2013	Use of the draft version of BD 51/YY (Revision 04) for the design of new gantry structures.
69457	Structures	Approved with comments	04/11/2013	Gantry leg in the central reserve (specific location)
77633	Structures	Approved	13/04/2016	Woodlands Lane Temporary Bridge
80045	Structures	Approved with comments	30/03/2017	Use of Leada Acrow deck edge cantilever support system
80728	Structures	Approved with comments	22/12/2017	Reduced headroom (specific location)
80729	Structures	Approved with comments	02/01/2018	Reduced headroom (specific location)
69188	Structures SHW	Approved with comments	25/10/2013	Use a draft version of the Specification for Highway Works Series 1700 for all structural concrete works.
69308	Structures SHW	Approved with comments	01/10/2013	Use of a revised Series 1800 (Structural Steelwork)
69363	Structures SHW	Approved with comments	25/10/2013	Use of a modified Type II Paint System
75245	Vehicle Restraint	Approved with comments	20/07/2015	Concrete Step Barrier over Longitudinal Deck Joint

M3 J2 to J4a

80240	Vehicle Restraint	Approved with comments	01/06/2017	Dual steel post and beam road restraint system
80340	Vehicle Restraint	Approved with comments	24/07/2017	Road restraint system in central reserve (specific location)
