Dear Mr Green

Information Request

Thank you for your request for information, which was received on the 26 April 2017, in which you are seeking information on:

Please provide a list from the Highways Department for all traffic schemes which have been approved but not yet implemented by the council and specifically for:

- (a) permanent stopping up or diversion*
- (b) waiting or loading restrictions*
- (c) one way driving*
- (d) prohibition of driving*
- (e) pedestrianisation*
- (f) vehicle width or weight restriction*
- (g) traffic calming works including road humps*
- (h) residents parking controls*
- (i) minor road widening or improvement*
- (j) pedestrian crossings*
- (k) cycle tracks*
- (l) bridge building*

We should explain that the Environmental Information Regulations 2004 (EIR) deal with recorded information. You have requested a list of all traffic schemes that have been approved but not yet implemented by the council and we can confirm that the list you have requested is not held by the County Council.

The information that you have requested covers a large proportion of the transport related activities undertaken by the department and the request is considered to be formulated in too general a manner for us to consider.

Cont'd/...

Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI

For example, some of the information you have requested is often part of a larger scheme of works and would not be recorded individually. It would take an officer an unreasonable amount of time to locate the information requested.

If you could refine your request we may be able to fulfil it for you.

Your request will be put on hold until clarification is received. When we have received clarification we will continue to process your request from the date of receipt.

Yours sincerely

DMT Support Team
