Bath & North East Somerset Council Request for Information

Requested information

I request a list of all planning applications that Cllr Joe Rayment has during his term as a councillor asked to be put before the planning committee for decision.

Please can the list be split by ones that were successfully put to committee and those that weren't

Response

Application referred by Cllr Joe Rayment to go to Development Management Committee:

➤ Planning application <u>15/02807/FUL</u>

For clarification please note that Councillor Rayment requested it to go to committee if the officer was minded to approve. Therefore, the request was unnecessary as the officer was minded to reject the application.
