

Valid **Wednesday 14 May** until **Friday 16 May 2014**

## Station PA messages for planned closures

Track and station closures are 'all weekend' unless otherwise stated.

For details of replacement bus services see the closures information page on the Intranet, Pre-warn posters or the Friday Metro page.

### PA Message for weekday use between Wednesday and Friday only

**To be broadcast at the following frequencies:**

Major stations – every 30 minutes / All other stations – every 60 minutes

Ladies and gentlemen, this weekend there are planned track closures on **the Circle and District lines** for Tube improvements.

To plan your journey on all TfL services please check publicity, speak to a member of station staff or visit the TfL website.

### Information for making weekend service status messages:

This message should reflect the information shown on the NOC status viewer or ESUBs.

At weekends, you should only expand giving more details of the closures on lines that run through your station. For all other lines with engineering work, say 'xxx line has a part closure/full line closure'. You must then include 'good service on all other lines' and 'please check posters/speak to a member of station staff for more information.'

### The planned closures for this weekend are as follows:

<b>Track closures:</b>	
<b>Circle line</b>	Gloucester Road to Aldgate via Victoria
<b>District line</b>	South Kensington to Aldgate East
<b>District line</b>	Earl's Court to Wimbledon
<b>Platform closures:</b>	
<b>Bond Street</b>	Central line trains not stopping until late June
<b>Embankment</b>	Bakerloo and Northern line trains not stopping until November
<b>Covent Garden</b>	Westbound trains not stopping at weekends until November
