Hello all,

You'll already be aware of the delay to the decision on the DCO until November and like you we've been working hard to start to pull our reply together. In response to the questions asked by the Secretary of State, we are preparing addenda to the Environmental Statement and Heritage Impact Assessment and will be submitting these on 13 August.

We will also be working with DfT to assess the timescales for the project. Once these are agreed we will be able to share details with you, our key stakeholders, including confirmation of proposed dates for consultation on DCO requirements.

In view of this we think it's best to postpone next week's planned Stakeholder Board meeting until we have more information.

We are continuing with discussions with landowners and the local community, and over the coming months we will be continuing site investigations and surveys necessary to inform tenders. We will of course keep you updated on these.

If you have any questions don't hesitate to contact us.

Kind Regards,

**Senior Communication and Engagement Manager A303 Amesbury to Berwick Down (Stonehenge)**
