[REDACTED]

Thanks for that.

Do you know whether this incident is one which Amey and/or Mouchel did or should have reported to us in their PQQs?

Dear all

Please see article from [REDACTED] (H&S) officer. I thought it might be useful for you if raised by the TUs.

Regards

Hi [REDACTED]

We get emails through from safety organisations and I came across this article: <http://www.shponline.co.uk/incourt-content/full/worker-fell-to-his-death-when-cherry-picker-collapsed> . It was an accident from 5 years ago that has only just come to court.

The article mentions Amey Infrastructure Services Ltd and Mouchel Parkman Services Ltd and wondered if they were/are linked to the preferred bidders and if it would be of interest to you and the procurement team? Not sure if it is relevant to the process SCC are going through with it being 5 years ago but thought you may find it of interest.

Regards
